## 1:1 Coaching for Staff Members

Receiving coaching is a natural first step to understanding the impact it can have on us as individuals and within our teams. It also gives us an insight into what excellent coaching looks like and how it can be used within management and leadership context.

If staff are feeling overwhelmed and undermotivated, coaching can bring about a shift and positive change where teachers feel heard, trusted and motivated to take hold of their own personal growth and development. This will impact positively on every student and parent they encounter.

*Cost: £1,440 – four individual sessions for six members of staff*

## Inset Day Training – Introduction to Coaching: Have a powerful conversation in five minutes

A group workshop with ICF accredited coach for up to 15 people face-to-face or online.

An interactive, practical session focusing on the foundations of coaching and how we can use these tools to have powerful conversations that can motivate and impact peers and pupils alike even amidst a busy school day.

- What is a Coaching Mindset
- Powerful Listening
- Curious Questioning
- See the impact in a five-minute conversation
- Expert feedback and practical activity

*Cost: £600 for a half day (up to 3 hours) training session including prep and resources.*
